A Milestone Achievement: Burbank Housing Recognized as a Best Place to Work

SANTA ROSA, Calif., September 2, 2026 – Burbank Housing is proud to announce it has been recognized as one of the North Bay Business Journal's Best Places to Work in 2026, marking the first time in the organization's history that it has received this distinction. The award recognizes employers that foster exceptional workplace cultures and employee experiences throughout the North Bay.

The recognition is especially meaningful because it is based on employee feedback, highlighting the experiences of the dedicated team members who work every day to advance Burbank Housing's mission of providing affordable housing opportunities and strengthening communities across the North Bay.

"This award is a tremendous honor because it comes directly from our employees," said Larry Florin, President and CEO of Burbank Housing. "For more than four decades, Burbank Housing has been committed to creating opportunity, stability, and belonging for residents across our region. Achieving that mission begins with building a workplace where our employees feel valued, supported, and empowered to make a difference. Being named the Best Place to Work for the first time is a milestone worth celebrating."

For over 46 years, Burbank Housing has worked to provide affordable housing and resident services that help individuals, families, seniors, and workers thrive throughout the North Bay. The organization believes that investing in its people is essential to advancing its mission and delivering meaningful impact in the communities it serves.

Burbank Housing has focused on fostering a workplace culture grounded in its values of equity, respect, collaboration, and service. Through professional development opportunities, comprehensive benefits, employee wellness initiatives, and a mission-

driven work environment, the organization strives to ensure that employees have the resources and support they need to succeed.

"This recognition belongs to every member of the Burbank Housing team," added Florin.

"Together, we are helping create homes, opportunities, and stronger communities. We are honored that our employees have made Burbank Housing a place they are proud to work."

About Burbank Housing

Burbank Housing is a leading nonprofit affordable housing organization dedicated to increasing access to safe, stable, and affordable homes throughout California's North Bay. Since 1980, the organization has developed, acquired, and managed affordable housing communities and provides resident services designed to help individuals and families thrive.
